INFORMATION DISCLOSURE STATEMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the continuing duty of disclosure provisions of 37 C.F.R. §1.56, there is hereby provided certain information that the Examiner may consider material to the examination of the subject U.S. patent application. It is requested that the Examiner make this information of record if it is deemed material to the examination of the application.

The Examiner is advised that the assignee of the present application was a named plaintiff in a litigation captioned Boston Scientific Scimed, Inc. *et al.* v. Cordis Corporation *et al.*, filed in the United States District Court for the District of Delaware (Civil Action No. 03-283-SLR) and involving U.S. Patent No. 6,120,536 which is related to the present application. Certain information relating to this litigation and concerning coated medical devices, such as stents, was brought to Applicants' attention.

The Examiner is further advised that related European Patent No. EP 832655 was involved in an Opposition proceeding before the European Patent Office, and German Utility Model No. 29724730.1 based on EP 832655 was the subject of a cancellation proceeding in Germany. Certain information relating to these proceedings and concerning coated medical devices, such as stents, was brought to Applicants' attention.

The references designated by an asterisk (*) in the second column of the attached List of References include such information brought to Applicants' attention.

1. Enclosures accompanying this Information Disclosure Statement are:

1a. ☒ A list of all patents, publications, applications, or other information submitted for consideration by the office.

1b. A legible copy of :

☒ Each publication or that portion which caused it to be listed on the PTO-1449;

☐ For each cited pending unpublished U.S. application, the application specification including the claims, and any drawing of the application, or portion of the application which caused it to be listed on the PTO-1449 including any claims directed to that portion that have been checked to be unavailable at the USPTO's private PAIR system;

- ☐ An English language copy of search report(s) from a counterpart foreign application or PCT International Search Report;
